

Instruction to Authors

1. **Submitted manuscripts** should be empirical studies, literature reviews, theoretical or methodological articles, or case studies.
2. **Quantitative research reports** should follow the APA-JARS format, such as:
 - a. **Title:** (recommended length ≤ 12 words), name and affiliation of author(s), contact information of the corresponding author, additional information of importance for the reader, when necessary.
 - b. **Abstract:** (empirical studies: 100-250 words, non-empirical studies: 100-150 words), containing objectives, participants, study method, findings, conclusions, and keywords.
 - c. **Introduction:** problem, review of relevant scholarship, hypothesis, aims, and objectives.
 - d. **Method:** participant characteristics, sampling procedures, sample size, power, precision, measures, data collection, instrumentation, masking, psychometrics, conditions and design, data diagnostics, and analytic strategy.
 - e. **Results:** participants flow, recruitment, statistics, and data analysis.
 - f. **Discussion:** support of original hypothesis, similarity of results, interpretation, generalizability, implications, limitations, separate conclusions when necessary.
3. **Qualitative research, qualitative meta-analysis, and mixed methods** research reports should follow the APA-JARS format accordingly.
4. **Crediting Sources** should follow the APA (2010, 6th ed.) Publication Manual.
